

Humber Area General Practice Appointment Data November 2024

Data published by [NHS Digital](#)

537,008

In November 2024, over 537,000 appointments
(over 1 in 2 Humber area patients) were offered to
patients who accessed care across our 94 GP

364,362

Over 67% of patients
were seen face to face

124,864

Over 23% were seen on the
same day they contacted
their GP Practice

- Across England, we have seen a **collapse in the GP and practice nurse workforce**, at the same time as there's been a large expansion in hospital doctors and staff over the past decade.
- **95% of doctors and nurses** are based in our **hospitals**. **Only 5%** are in our **GP Practices** – patients will experience a **supply and demand mismatch**.
- If supermarket queues are crazy, do we shout and complain at the checkout assistants?
- **Please do not fall into the trap of blaming our GPs and their practice staff.**
- We are all trying to do the best we can, with what we have.
- Patients will be offered appointments with the **right clinician** at the **right place** and within the **right timeframe** - based on **clinical urgency** and **need**.
- We know all NHS services are stretched for patients right now across England.
- The same is true across the Humber area.
- We are working as hard as we can **to try to meet you and your family's needs**.
- **We are truly grateful for your patience and your support.**
